

Health Protection Update Event

Wednesday 6th December 2023

**COSLA, Verity House, 19 Haymarket Yards, Edinburgh EH125BH
In-person and virtual (via TEAMS) attendance available**

This event aims to update Scottish Health Protection Network members and associated colleagues in relation to current and future health protection activities and topics.

Format of the day

Plenary sessions with keynote speakers.

Parallel sessions on:

- Sexual Health and Blood Borne Viruses;
- Travel and International Health;
- Gastrointestinal and Zoonoses;
- Respiratory Infections;
- Vaccination;
- Environmental Public Health;
- Antimicrobial Resistance & Healthcare Associated Infection;
- Public Health Microbiology;
- Emergency Preparedness, Resilience and Response;

Registration will be from 09:00 to 9:30am and the programme will run from 9.30am-4.45 pm.

Please note there will be no charge to attend this training, but places are limited and will be allocated to ensure a multidisciplinary audience with geographical representation. Please note that virtual attendance by teams will be available

and the presentations will be recorded.

To register your interest in attending either in person or virtually please go to: <https://book.shsc.scot/shpn-update-2023> by Friday 27th October 2023

You will be advised week commencing 6th November 2023 if you have been allocated a place.
